- ▶ No eggs from caged hens
- ▶ No plastic straws & coffee cups
- ▶ Wooden cutlery on coffee break
- ▶ No plastic bottles
- ▶ Sorted waste bin in all rooms
- ▶ Eco-label certificate
- ▶ Fairtrade coffee only

ENVIRONMENT

- ▶ We continually reduce greenhouse gas emissions and energy consumption. We prioritize energy from renewable energy sources.
- ▶ We use renewable raw materials and/or recycled materials
- ▶ Products shall be easy to maintain and repair and be recyclable. Our approach is to always keep waste to a minimum.
- ▶ We work to minimize food waste and limit the use of packaging and materials across our business.
- ▶ We reduce water use by measuring water consumption in our operations and analyzing what can be done to reduce it.
- ▶ We use a minimum amount of dangerous chemicals and substances. When we do use them, they are handled safely and properly.

FACTS AND CERTIFICATES

- ▶ ISO 14001:2015 CERTIFICATE (environmental management)
- ▶ EU Eco-Management and Audit Scheme (EMAS)
- ▶ EU ECOLABEL
- ▶ EU Regulation 517/2014 (fluorinated greenhouse gases reduction)
